Text: John 13:18-30

Introduction

The Story of Judas Iscariot is one of the saddest accounts in the Bible. His life and death gives a warning to many who are in the same state he is in. Think with me about some things from his life that are warning for us

I. The Opportunities that He Had

Judas was given the blessed opportunity to hear the message of the Gospel. Many today have been given the same privilege

II. The Sin that Held Him

Judas would not believe because he refused to turn from his Sin

III. The Guilt that Consumed Him

He sought to undo his sin, but he would not go to the one who could forgive him.

IV. The Hell that Awaited Him

Judas is in hell today. What a tragedy to a man who had so much afforded him.
