STRENGTHENED THROUGH THE STORM

Text: Song of Solomon 4:16

Introduction

The Song of Solomon is a beautiful book about relationships. In our passage we see how a relationship- especially our relationship with the Lord- can be made stronger in difficult times.

I. The Opposing Wind that is Desired

What happens when the North wind and South wind unite- There will be a storm.

II. The Blessed Work that is Accomplished

Notice some things that happen when the storm comes

A. Fragrance is Scattered

B. Focus is shifted

You will notice that the Garden belongs to the Lord. We must surrender to Him in times of difficulty and allow Him to accomplish in us His great work.
